BRITISH JOURNAL OF ORAL & MAXILLOFACIAL SURGERY

Subject index

A

Acinic cell carcinoma of mandible, central, 26
Adrenaline in lignocaine local anaesthetic solutions in third molar surgery under general anaesthesia, 263
Airway obstruction by inflated cuff during nasotracheal anaesthesia for bimaxillary osteotomy, 12
Alveolar bone, maxillary, neurilemmoma in, 208
Ameloblastoma, hypercalcaemia and interleukin-1 synthesis by, 29
Anaesthesia
  for bimaxillary osteotomy, nasotracheal, airway obstruction by inflated cuff during, 12
  general, third molar surgery under, adrenaline in lignocaine local anaesthetic solutions in patients having, 263
Angiofollicular lymph node hyperplasia of parotid, 198
Angiosarcoma of oral cavity, 38
Antibiotics, prophylactic, for oral/dental surgical patients with artificial joints, 341
Aprotinin in third molar surgery, 176
Arthrography of internally deranged temporomandibular joint, 377
Aspirin-induced platelet function defect measured by template bleeding time vs. mucosal petechiometry, 173
Atlas, agenesis of anterior arch of, cleft face syndrome with associated, 279
Atrophic maxilla
  hydroxyapatite augmentation and vestibuloplasty for, 5
Auditory canal haemorrhage following fracture of mandibular condyles, 12

B

BAOMS Autumn 1990 meeting in London, paper abstracts, 132
BAOMS Autumn 1991 meeting in Harrogate, paper abstracts, 412
BAOMS Autumn 1991 meeting in Harrogate poster abstracts, 418
Barotrauma, pulmonary, postoperative, 183
Bimaxillary osteotomy, nasotracheal anaesthesia for, airway obstruction by inflated cuff during, 12
Biopsy, fine needle cutting, of head and neck lesions, 219
Bleeding time, template, aspirin-induced platelet function defect measured by, 173
Blepharospasm-oromandibular dystonia syndrome presenting as temporomandibular joint dislocation, 97
Blood
  flow in jaw bones, chronic osteomyelitis affecting, 147
  splashes to eye, HIV transmission risk, 338
Bradley, Prof P. F. citation for presentation of Down Surgical Prize (1989) to, 131

C

Calcification(s)
  central odontogenic fibroma exhibiting numerous, 42
  of cervico-facial region, pathological, 120
Carcinoma
  intraosseous, 392
    primary, 19
  mandibular, 26, 223
    acinic cell, central, 26
  maxillary, squamous cell, 392
  oral, viral aetiology, 381
Cartilage grafts, post-condylar, fixation, 94
Castleman's disease in head and neck, 110
Catheter, central venous, complicating head and neck surgery, 388
Cavity, oral, angiosarcoma, 38
Cementous dysplasia, periapical, 58
Cervical spine injury producing paraesthesia in distribution of mandibular division of trigeminal nerve, upper, 374
Cervico-facial region, pathological calcification, 120
Cheek, Merkel cell tumour, 114
Children, *see also entries under* Infantile: Neonatal
  fractures of facial skeleton in, 9
mandibles of, pre-tapped and self-tapping screws in, implant bed examination by electron microscopy, 330
Cleft face syndrome, median, 279
Cleft mandible, 279
Computed tomography with facial trauma, 80
Condyles, mandibular, *see also* Post-condylar cartilage grafts; Subcondylar fractures
  fractured
    auditory canal haemorrhage associated with, 12
    control of condylar head during open reduction of, 312
  haemangioma, 44
  plasma-cell tumours, 274
Craniomaxillary fixation, modified Kloehn bow for, 66
Cranium, tumours in, facial pain and muscle atrophy secondary to, 204
Cryotherapy for trigeminal neuralgia, 1, 154
Cuff, inflated airway obstruction by, during nasotracheal anaesthesia for bimaxillary osteotomy, 12
Cyst, periodontal, 54

D

Dautrey procedure, complication, 100
Dental extraction, non-Hodgkin's lymphoma at site of recent, 34
Dental nerve at mandibular lingula, inferior, trigeminal neuralgia treatment by radiologically controlled cryoblockade of, 154
Dental surgery in patients with artificial joints, prophylactic antibiotics for, 341
Digastric, muscles, bilateral accessory, 167
Diplopia following midfacial fractures, 302
Down Surgical Prize (1989), 131
Drape for temporomandibular joint surgery, 123
Dysplasia, periapical cementous, 58

E

Epithelial odontogenic tumour in Malaysians, 107
Epithelium, non-odontogenic, intraosseous squamous cell carcinoma of maxilla probably arising from, 392
Eye
  blood splashes to, HIV transmission risk, 338
  injury in association with midfacial fractures, 291, 363, 368

F

Face
  arteries of, main, anatomy,
  fractures, *see* Fractures, facial
  pain, muscle atrophy and, secondary to intracranial tumour, 204
Fibroblasts, pleomorphic, central odontogenic fibroma exhibiting, 42
Fibroma, central odontogenic, 42
Fine needle cutting biopsy of head and neck lesions, 219
Fixation
  craniomaxillary, modified Kloehn bow for, 66
  intermaxillary, miniplate osteosynthesis compared to, in mandibular fracture management, 308
  of post-condylar cartilage grafts, 94
  screw, after mandibular sagittal split osteotomy, 325
  semi-rigid, titanium mesh osteosynthesis for, 316
Fractures *see also* Injuries
  aetiological trends in UK, 250
  facial, *see* Fractures, facial
  mandibular, miniplate osteosynthesis for, *see* Miniplate osteosynthesis
  mandibular condyles, *see* Condyles
  subcondylar, guide groove for pinning, 211
Fractures, facial
  in children, 9
  Le Fort II, unusual, 256
  mid-
    diplopia following, 302
    eye injury in association with, 291, 363, 368

G

Giant cell granulomas, metachronous and recurrent, 48
Giant cell lesions, multiple recurrent, parathyroid hormone-related peptide levels with, 102
Giant lymph node hyperplasia in head and neck, neonatal, 110
Glycerol effects on infraorbital nerve, 90
Gorlin's syndrome and von Recklinghausen's disease in one family, 189
Grafts/transplants, *see also* Implant
  post-condylar cartilage, fixation, 94
  third molar, autogenous, splinting technique, 129
Granuloma(s)
  atypical histiocytic, of tongue, 350
  giant cell, metachronous and recurrent, 48
Granuloma annulare in supraorbital region, 347

H

Haemangioma
  condylar, 44
  salivary gland, ultrasound and scintigraphy in diagnosis of, 164
Haemorrhage, auditory canal, following fracture of mandibular condyles, 12
Head
  fine needle cutting biopsy of lesions in, 219
  surgery, central venous catheter complicating, 388
Histiocytic granuloma of tongue, atypical, 350
HIV transmission risk with blood splashes to eye, 338
Hovell, John Herbert: the man, 399
Hydroxyapatite augmentation and vestibuloplasty for atrophic anterior maxilla, 5
Hypercalcaemia with ameloblastoma, 29
Hyperparathyroidism, primary, jaw lesions and, 185
Hyperplasia, lymph node, *see* Lymph node

I

Implant bed for pre-tapped and self-tapping screws in children's mandibles, examination by electron microscopy, 330
Infantile myofibromatosis, solitary, 277
Infection incidence after peri-oral skin preparation with povidone-iodine in third molar surgery, 336, *see also* Antibiotics
Infraorbital nerve, glycerol effects on, 90
Infraorbital region, transconjunctival approach to, 169
Injuries/trauma, *see also* Fractures
  maxillofacial
    computed tomography with, 80
    in severely injured patients, 370
  upper cervical spine, producing paraesthesia in distribution of mandibular division of trigeminal nerve, 374
Interleukin-1 synthesis by ameloblastoma, 29
Intracranial tumours, facial pain and muscle atrophy secondary to, 204

J

Jaw(s)
  carcinoma of, primary intraosseous, 19
  hyperparathyroidism and lesions of the, primary, 185
Jaw bones, blood flow in, chronic osteomyelitis affecting, 147
Jejunal transfer, free, in oral reconstruction, 159
Joints, artificial, prophylactic antibiotics for oral/dental surgical patients with, 341

K

Kloehn bow, modified, for craniomaxillary fixation, 66

L

'L' osteotomy, inverted, for parapharyngeal space tumours, 82
Le Fort II fracture, unusual, 256
Lichen sclerosus et atrophicus of oral mucosa, 64
Lignocaine local anaesthetic solutions in third molar surgery under general anaesthesia, adrenaline in, 263
Lingula, mandibular, inferior dental nerve at, trigeminal neuralgia treatment by radiologically controlled cryoblockade of, 154
Lipomata, intra-oral, in association with congenital anomalies, 353
Lymph node hyperplasia
  angiofollicular, of parotid, 198
  neonatal giant, in head and neck, 110
Lymphoma, non-Hodgkin's, at site of recent dental extraction, 34

M

Malaysians, epithelial odontogenic tumour in, 107
Mandibles, *see also* Submandibular rhabdomyoma
  carcinoma, *see* Carcinoma
  children's, pre-tapped and self-tapping screws in, implant bed examination by electron microscopy, 330
  condyles, *see* Condyles
  fractures, *see* Fractures
  lingula, inferior dental nerve at, trigeminal neuralgia treatment by radiologically controlled cryoblockade of, 154
  reconstruction, transcoronoid threaded wire as aid to, 355
  sagittal split osteotomy, screw fixation after, 325

Mandibular division of trigeminal nerve, upper cervical spine injury producing paraesthesia in distribution of, 374
Meige's syndrome presenting as temporomandibular joint dislocation, 97
Merkel cell tumour of cheek, 114
Miniplate osteosynthesis for mandibular fractures
  delayed, 73
  intermaxillary fixation compared with, 308
Mohr's syndrome, intra-oral lipomata in association with congenital anomalies as a variant of, 353
Molar(s)
  third
    aprotinin in surgery of, 176
    autogenous transplantation, splinting technique, 129
    eruption of lower, radiographic assessment, 259
    general anaesthesia for surgery of, adrenaline in lignocaine local anaesthetic solutions in, 263
    pre-operative peri-oral skin preparation with povidone-iodine in removal of, infection incidence, 336
Mucosa, oral, lichen sclerosus at atrophicus, 64
Mucosal petechiometry, aspirin-induced platelet function defect measured by, 173
Muscle(s)
  atrophy, facial pain and, secondary to intracranial tumour, 204
  bilateral accessory digastric, 167
Muscle flap, temporalis, reconstruction of defect at donor site of, 16
Myofibromatosis, solitary infantile, 277

N

Nasotracheal anaesthesia for bimaxillary osteotomy, airway obstruction by inflated cuff during, 12
Neck
  Castleman's disease in, 110
  fine needle cutting biopsy of lesions in, 219
  surgery, central venous catheter complicating, 388
Neonatal giant lymph node hyperplasia in head and neck, 110
Neuralgia, trigeminal, cryotherapy, 1, 154
Neurilemmoma in maxillary alveolar bone, 208

O

Ocular region, *see* Eye
Odontogenic fibroma, central, 42
Odontogenic tumour, epithelial, in Malaysians, 107
Odontoid peg, bifid, cleft face syndrome with associated, 279
Odontome, complex, delayed premolar formation associated with, 61
Orbit
  granuloma annulare in region above, 347
Orbital observation chart, 77
Orthognathic surgery, 404
Osteoblastoma, 333
Osteomyelitis, chronic, blood flow in jaw bones affected by, 147
Osteosynthesis
  miniplate, *see* Miniplate osteosynthesis
  titanium mesh, for semi-rigid fixation, 316
Osteotomy
  bimaxillary, nasotracheal anaesthesia for, airway obstruction by inflated cuff during, 12
  inverted 'L' for parapharyngeal space tumours, 82
  mandibular sagittal split, screw fixation after, 325
  maxillary, modified anterior, 213
Oxygen saturation with two different sedation techniques, changes in, 87

P

Pain, facial, muscle atrophy and, secondary to intracranial tumour, 204
Paraesthesia in distribution of mandibular division of trigeminal nerve, upper cervical spine injury producing, 374
Parapharyngeal space tumours, inverted 'L' osteotomy, 82
Parathyroid hormone-related peptide levels with multiple recurrent giant cell lesions, 102
Parotid
  angiofollicular lymph node hyperplasia of, 198
  swelling, pilomatrixoma in differential diagnosis of, 201
Peg(s)
  for inferior positioning of maxilla, 284
  odontoid, bifid, cleft face syndrome with associated, 279
Pericoronitis, acute, 180
Periodontal cyst, 54
Petechiometry, mucosal, aspirin-induced platelet function defect measured by, 173
Pharyngostomy, complications, 237
Phleboliths, 117
Pilomatrixoma in differential diagnosis of parotid swelling, 201
Plasma-cell tumours, condylar, 274
Platelet function defect, aspirin-induced, measured by template bleeding time vs mucosal petechiometry, 173
Post-condylar cartilage grafts, fixation, 94
Postnasal space, transfacial approach, 230
Povidone-iodine, infection incidence after peri-oral skin preparation with, in third molar surgery, 336
Premolar, delayed formation, complex odontome associated with, 61
Pulmonary barotrauma, postoperative, 183

R

Radiography
  lower third molar eruption assessed via, 259
  transcranial, of temporomandibular joint, 241
Ranula, plunging, bilateral presentation, 112
Reconstruction
  mandibular, transcoronoid threaded wire as aid to, 355
  oral, free jejunal transfer in, 159
Reduction of fractured mandibular condyle, open, control of condylar head during, 312
Retromaxillary area, osteoblastoma and access to, 333
Retromaxillary structures, transfacial approach, 230
Rhabdomyoma, submandibular, 123

S

Salivary gland haemangioma, ultrasound and scintigraphy in diagnosis of, 164
Scintigraphic diagnosis of salivary gland haemangioma, 164
Screw(s), pre-tapped and self-tapping, in children's mandibles, implant bed examination by electron microscopy, 330
Screw fixation after mandibular sagittal split osteotomy, 325
Sedation techniques, oxygen saturation with two different, changes in, 87
Senior registrars' views on training, 269

Skin, peri-oral, povidone-iodine treatment in third molar surgery, infection incidence after, 336
Spinal injury, upper cervical, producing paraesthesia in distribution of mandibular division of trigeminal nerve, 374
Splinting technique with third molar autogenous transplantation, 129
Squamous cell carcinoma, *see* Carcinoma
Subcondylar fractures, guide groove for pinning, 211
Submandibular rhabdomyoma, 123

T

Technetium-99m-RBC scintigraphic diagnosis of salivary gland haemangioma, 164
Template bleeding time, aspirin-induced platelet function defect measured by, 173
Temporalis muscle flap, reconstruction of defect at donor site of, 16
Temporomandibular joint
  dislocation, blepharospasm-ormandibular dystonia syndrome presenting as, 97
  internal derangement, clinical findings/arthrography/surgery, 377
  surgery, drape for, 123
  transcranial radiography, 241
Third molar, *see* Molar
Tissue augmentation, custom made tissue spacers for use in, 282
Titanium mesh osteosynthesis for semi-rigid fixation, 316
Tongue, granuloma, atypical histiocytic, 350
Tooth extraction, non-Hodgkin's lymphoma at site of recent, 34
Training, senior registrars' views on, 269
Transfacial approach to postnasal space and retromaxillary structures, 230
Transplants, *see* Grafts
Trauma, *see* Injury
Trigeminal nerve, upper cervical spine injury producing paraesthesia in distribution of mandibular division of, 374
Trigeminal neuralgia, cryotherapy, 1, 154
Tumours, *see specific sites/types of tumour*

U

Ultrasound diagnosis of salivary gland haemangioma, 164

V

Venous catheter, central, complicating head and neck surgery, 388
Vestibuloplasty, hydroxyapatite augmentation and, for atrophic anterior maxilla, 5
Viruses in oral carcinoma aetiology, 381
Von Recklinghausen's disease and Gorlin's syndrome in one family, 189

W

Wire, transcoronoid threaded, as aid to mandibular reconstruction, 355
